

Program Requirements

- The Energy Cooperative is offering rebates to residential electric cooperative members who replace their existing refrigerators or stand-alone freezers with a new ENERGY STAR® -listed appliance. Members must purchase a new ENERGY STAR® labeled appliance between July 1, 2017, and June 1, 2018. The existing appliance must be removed/recycled.
- ENERGY STAR® labeled refrigerators and stand-alone deep freezers (10-30 cubic feet) can qualify for a \$100 rebate* from The Energy Cooperative, as long as the old appliance is removed from the residence and the new appliance is installed at a residence served by the Cooperative.
- Member is required to provide a purchase receipt, showing that the new appliance was installed in a home served by the Cooperative. Member must also include proof of ENERGY STAR® listing, such as a copy of the yellow Energy Guide label or owner's manual (must include ENERGY STAR® logo or statement of ENERGY STAR-certification). Documentation showing that the old appliance was removed/recycled is also required.
- Rebates are issued in the form of a check to the member's electric account. Please allow 6-8 weeks for processing of rebate paperwork. Rebates may not exceed the purchase price and items must have been purchased in the current program year. If you pay less for your refrigerator or stand-alone freezer than the rebate amount, you will receive the amount you paid. A maximum of two rebates per appliance type (two refrigerators and two freezers), totaling \$400, may be paid per residential electric account during the current program year from July 1, 2017, through, June 1, 2018.
